A Century of Service

I am currently engaged in compiling a chronology of the District 1914 to 2014. Throughout this period we certainly experienced some 'peaks and troughs'.

At its inauguration there were some 89 Companies in the District the same number we have today.

The First World War was certainly not the best time to start any organisation involving young man, however in 1926 subsequent to the amalgamation with the Boys Life Brigade our strength was boosted by 100 Companies. The 1930's where to be the halcyon days with some 252 Companies. Then came the Second World War with a reduction of 100 Companies almost overnight as it were. In Coronation year, 1953, we had 275 Companies and in the Brigade Centenary year 1983 we had 250 Companies.

Today we are faced with a considerable reduction in the number of churches and a decline in the congregations within the existing churches, certainly one of the 'troughs'.

In all such times, in the former years, the tradition of the Brigade has been to adapt to the conditions and keep going. The columns of the Gazette advise that some 10 new Companies have been recently enrolled in Christian congregations within our District very often meeting at times and in venues not normally associated 'Church'. These are early days for such ventures and it may be sometime before we see an impact in our overall strength but the Bible has something to say about the weakness. God will not let us use weakness as an excuse for not doing what we are supposed to do.

'I can do everything through him who gives me strength'. *Philippians 4:13*
