

## **THE BOYS' BRIGADE North West District**

### ***Leadership Training for Queen's Badge***

The Queen's Badge regulations require each participant to participate in a skills based training course.

**This could be -**

- Training in practical skills for use in Company work
- Training in practical skills for volunteering or
- Training in leadership techniques and skills

The majority of candidates undertake the "Skills for Brigade Training" course run within the District. However there is a range of training run by external agencies that meet this requirement.

If a participant intends to utilise one of these opportunities there are a number of requirements –

1. The District office needs to be notified at least two weeks before the course begins. {The form below may be used for this purpose}
2. A "Certificate of Completion/Attendance" must be submitted within 1 month of the end of the course
3. A significant degree of time spent on QB work should utilise the training received in the course.
